PROJECTS

Streetscape Mitigation Loan Fund Program: Approval of Loans (Three Thirteen Detroit's Brand Name, Inc and ET Wireless, Inc.)

To support the financial stability of Detroit’s businesses during the streetscape improvement construction projects on key commercial corridors in Detroit’s neighborhoods, Economic Development Corporation of the City of Detroit ("EDC") in coordination with the City of Detroit (the "City"), foundations and other partners, is implementing a program that will fund zero-interest loans and technical assistance to qualifying businesses. On August 27, 2019, the EDC approved a pilot Streetscape Mitigation Loan Fund Program (the “Program”) for Livernois between Margareta and 8 Mile with an initial $400,000 loan pool. It is anticipated that as additional funds are raised, the Program will be implemented in other areas impacted by planned streetscape improvement projects. Below are the EDC staff’s recommendation for approval of two loans under the Program, as further described on Exhibit A and Exhibit B.

Ms. Forte called on Ms. Walker who reviewed the terms of the first loan as follows:

LOAN PURPOSE AND BUSINESS DESCRIPTION/HISTORY

Clement Brown Jr., the owner of Three Thirteen Detroit's Brand Name, Inc is seeking a $15,000.00 commercial business loan from the Economic Development Corporation of the City of Detroit’s Streetscape Mitigation Loan Fund to support business expenses following the construction period. The property's physical location is 19495 Livernois, Detroit. EDC financing will support rent, utilities, payroll, working capital, accounting and legal services, advertising and repairs.

Three Thirteen is a retail store that offers streetwear and gift items. Their niche is local Detroit-branded merchandise, including Mr. Brown's brand Three Thirteen, which he launched in 2015. The first brick and mortar store opened in 2015 at Jefferson and Chene, but Mr. Brown wanted to be “in the neighborhood” and on the Avenue of Fashion. He planned to open the Livernois location in early 2018, but a major break-in at his Jefferson location pushed back the opening to March of 2019, right before the start of streetscape construction. He faced some additional hardships related to construction, such as porta-potties being placed next to his shop and large construction vehicles being parked in front of his storefront for weeks. Revenue for Three Thirteen from January 2019 through August 2019 is down 0.28% compared to an average for the same period in 2018 but net income is down 126% for the same period. Expenses have gone up because he has increased his inventory, hired more staff and invested in Project Greenlight for security purposes.

Ms. Forte asked if there were any questions. Mr. Jackson questioned if this company had participated in Motor City Match and Ms. Walker responded that they had not. Mr. Jackson asked if the business would qualify to apply for the Motor City Re-Store program. Ms. Navin responded that they would qualify for the program, however, they would need the building owner's permissions. The Re-Store Program is a matching grant so the tenant would have to be willing to put capital into a building that they do not own.

Ms. Forte called on Ms. Matthews who presented the terms of the next loan as follows:

LOAN PURPOSE AND BUSINESS DESCRIPTION/HISTORY

Otur Tallo the owner of ET Wireless is seeking a $10,000.00 commercial business loan from the Economic Development Corporation for the City of Detroit Streetscape Mitigation Loan Fund to support business expenses throughout the construction season. The property’s physical location is 18984 Livernois, Detroit. EDC financing will support rent, utilities, payroll, and business debt repayment.

The Tallo’s acquired the business in December 2018 from a family member, only a few months before streetscape improvements began. Ms. Tallo’s son, Donovan Tallo is the general manager at ET Wireless. Donovan manages the day to day operations, as well as sales and inventory management. Donovan guarantees his customer’s cell phones, plans, and accessories for every budget. In the spring of 2019, Donovan had to lay off his part-time employee due to the impact that the streetscape construction had on the business. Once construction ends, they plan to rehire their former employee. The Tallo’s will benefit from the technical assistance offered by Accounting Aid Society and the loan will afford ET Wireless the opportunity to pay off the business debt incurred over the construction period along with paying other business expenses as noted below. Revenue for ET Wireless is down 28% and net income is down 55% when comparing December 2018 through March 2019 and April through July 2019.

Ms. Forte called for Board members’ questions.

Mr. Hodge questioned the Business Debt Repayment and what it consists of. Ms. Matthews responded that it was inventory.

Ms. Bruhn stated that she had a general question. Since the streetscape work is done now, is there a cutoff time for businesses to apply. Mr. Batton stated that the cutoff date was the end of 2019. He explained that they had a number of individuals that they were working with back in November. Since there was still funding left, they wanted the businesses to have the opportunity to have their package presented to the Board for approval.

Subsequent to the discussion, the Board took the following action:

> On a motion by Mr. Quarles, seconded by Mr. Hodge, Resolution Code EDC 20-01-99-10 was unanimously approved.
