If selected as a result of this RFQ, the TA Providers will be required to execute a Master Professional Services Agreement with the EDC where the service period will be through June 30, 2024. Master Professional Services Agreements will stipulate the following:

Qualification as a TA Provider pursuant to this RFQ will expire on June 30, 2024. All TA Providers seeking to continue performing the services requested hereunder must re-apply when the term of the Master Professional Services Agreement has ended and a RFQ is available for applicants.

1) OVERVIEW OF PROGRAM OBJECTIVE AND PROCESS

Each quarter, the Program opens applications for new, existing, and expanding businesses in Detroit. The Program employs a competitive process to select participating businesses then matches businesses with the space, funding, and technical assistance they require.

SMALL BUSINESS TECHNICAL ASSISTANCE SERVICES REQUEST FOR QUALIFICATIONS (“RFQ”)

The goal of this RFQ is to build a roster TA Providers that will deliver technical assistance to the Program’s business participants.

How the Program selects TA Providers

- All interested firms must submit qualifications as outlined in the following RFQ online submission form:
<https://apply.motorcitymatch.com/submit/54221af7-4004-4cce-80f5-d1ca99f44a71/edc-issued-rfq-march-2023-small-business-professional-services-application-te>
- All interested firms must be a legally established business for at least a two (2) year period at the time-of-service delivery and must be in good standing with the City of Detroit, IRS and state and county government. Businesses in operation for a period of less than two (2) years at the time of application are welcome to apply; however, these businesses will be evaluated on a case-by-case basis, subject to extenuating factors.
- **Note: In general, a business cannot be a TA Provider AND a Program awardee. If a past Program awardee is interested in becoming a TA Provider, these cases can be reviewed on a case-by-case basis, based on applicable Federal funding guidelines and EDC conflict of interest policies.**
- The TA Providers are not required to be located in Detroit; however, each TA Provider must be able to meet in person with Program participants located in the city of Detroit.
- The Program will contact references supplied by each prospective service provider and may conduct a debarment review per applicable federal funding requirements.
- The Program will select TA Providers based on qualifications, experience, capacity, ability to execute contract, ability to service Detroit-local small businesses and compliance with federal regulations.
- The applications received will be evaluated and scored according to the following criteria:

Qualifications and Experience	30 Points
Capacity to execute services	30 Points
Clarity of scopes of service and price competitiveness	30 Points
Community Impact	10 Points

The minimum score to be selected as a TA Provider is 70 points.

- Program staff will score applications using the above selection criteria before final review by Program management. Qualification as a TA Provider is also subject to a final due diligence review, which may include a TA Provider’s compliance with applicable federal funding guidelines.
- Applications will be reviewed on an on-going basis. Communication regarding approval or denial of participation in the Program will be sent via email to the TA Provider within thirty (30) days of the EDC’s receipt of a complete application.
- The Program reserves the right to disqualify any TA Provider at any time if it determines, in its sole discretion, that a TA Provider is non-responsive to the requirements of this RFQ, including without limitation an inability or unwillingness to comply with the terms herein.
- **Note: All TA Providers who were previously qualified to perform services under the Program and are seeking to continue performing such services, or any additional services, must respond to this RFQ and submit a complete**

application to be eligible for consideration.**

How the Motor City Match Program matches TA Providers with participating businesses

- Selected providers will submit a detailed baseline scope of service for each service they are able to provide that includes the methods, estimated timeline, and total cost or cost rate per hour for completion of the service.
- The Program will create an interactive database of Technical Assistance (“TA”) services available to awardees. The database will contain the following:
 - A list of TA categories
 - Specific TA services within each category
 - TA Providers names and scopes of service for each specific TA service.
- Program staff will hold one or more events and or meetings during which TA Providers will have an opportunity to speak directly to awardees about the services they offer and the types of projects they want to take on.
- Program awardees will complete a “Work Plan” with Program staff that identifies TA services needed to meet identified business goals. Based on that Work Plan, awardees will solicit TA Providers for services through the interactive TA database.
- Should a TA Provider be selected by a Program participant to provide technical assistance, TA Providers will be required to execute a Technical Assistance Service Agreement on a form provided by the EDC that formalizes the contractual relationship and processes between the EDC, the Program participants and TA Providers.
- The Program participant and TA Providers will be responsible for scoping the services and timeline to include any services beyond the baseline scope and to be delivered based on individual needs of each participating business. Each TA Provider will be responsible for documentation of the hours and services provided to Program participants based on the scope of services.
- TA Providers will invoice the EDC and receive payment from the EDC (for pre-approved services and expenses), rather than billing and receiving payment from Program participants. Payment will be issued upon delivery of services and receipt of proper documentation evidencing the completion of the requested services, not up front.

ADDITIONAL NOTES REGARDING CONTRACTING WITH THE PROGRAM

Program Administration

The EDC has developed the Program in collaboration with HRD, the City of Detroit’s Jobs and Economy Team, Planning and Development Department, Department of Neighborhoods and other key city and neighborhood stakeholders.

The EDC is a public body corporate established by the City of Detroit pursuant to Public Act 338 of 1974 (as amended) that supports private investment and business growth within the neighborhoods throughout the city of Detroit using a combination of taxes, grants, and other public and private funds. The EDC is staffed and managed by the DEGC.

The DEGC, established in 1978, is a private non-profit corporation devoted to supporting Detroit’s economic development initiatives. The DEGC brings together public sector policies and priorities with private sector development and investment interests to strengthen Detroit’s economic base. The DEGC and EDC use a robust understanding of the context of the local business climate and commercial corridor conditions to build awareness, capacity, services and programs to address the issues faced by Detroit’s business community and neighborhood business districts.

Contract Awards

Upon selection by EDC staff, TA Providers will enter into a master professional service agreement with the EDC. Thereafter, TA Providers will provide the requested baseline scope of services to the Program participant, if TA Provider is selected by a Program participant. The scope of services will be subject to the prior review and approval of the EDC and must be in compliance with all program processes and policies. Upon acceptance of the scope of services, the TA Provider, EDC, and Program participant will execute a three-party Technical Assistance Service agreement which will formalize the services to be provided to Program participant by the TA Provider and set forth additional terms related thereto. The basis for EDC contract awards are based on federal procurement policies set forth in 2 CFR 200.320. More specifically, this solicitation is being made pursuant to the “small purchase procedure” method of procurement per 2 CFR 200.320 (b).

The TA Provider understands that responding to this RFQ does not constitute an offer or a contract with the EDC, the DEGC or the Program participant. An official contract or agreement is not binding until proposals are reviewed and accepted by appointed staff, approved by the appropriate level of authority within the EDC and executed by the parties, including the Program participant.

The EDC reserves the right to reject all proposals, to abandon the project, or to re-advertise for and solicit other proposals. The EDC reserves the right to request clarification on information submitted and request additional information of more than one vendor. The EDC may, in its discretion, waive any informalities and irregularities contained in the proposal or in the manner of its submittal and award a contract thereafter. The EDC further reserves the right to negotiate any and all terms of the proposal. Neither the EDC or the DEGC can guarantee that any Program participants will select a service provider and engage their services.
