

DOWNTOWN DEVELOPMENT AUTHORITY OF THE CITY OF DETROIT
DOWNTOWN PARKING LOT IMPROVEMENT PROJECT – FENCING AND BOLLARD INSTALLATION
NOVEMBER 16, 2023

This Addendum is incorporated into the requirements and contract documents for the Request for Proposals referenced above and shall be so indicated as Addendum No. 2 on the proposal form accompanying the submittal for this project.

All terms and conditions of the Request for Proposal and Addendum No.1 shall remain unchanged except as specifically changed or amended by the following:

Question Responses: The following questions were received from prospective bidders.

- I. **Question:** On the price sheets for Fencing & Bollards it states install approximately “xx” linear feet of bollards. When we do the math the number of bollards to install is greater than the drawings call out. Do we price for the number of bollards called for on the maps?

Response: The linear feet quantities included on the bid sheets are approximate. Site drawings reflect the layout plan for each site. Bids should reflect what is shown in the drawings. Contractors are able to provide clarification if they believe that there is a significant deviation between any site estimates and what is shown in the drawings.

End of Addendum No. 1
